DESIGNER: CRAIG SPENCER DESIGN
"Christmas is a time of indulgence, being around the people I love and, of course, looking and feeling beautiful. I have chosen my gifts with beauty in mind, gifts that are easy on the eye, and my love of all things black and shiny. I adore the finer things in life and especially new toys to drive. I promise to leave Santa a bottle of Veuve Clicquot on ice so that on Christmas morning I will find them all under the tree... though the Maserati may not quite fit!"
